**Remarks/Arguments**

Claims 3-11, 27-29, 31-33, 36-59, 63-82, and 84-95 are currently pending in the application. By this amendment:

- Claim 8 is canceled.
- Claim 89 is amended to include the limitation of claim 8, which means claim 89 is effectively claim 8 rewritten in independent form.
- Claims 9-11 are amended to change their dependency from claim 8 to claim 89.
- Where relevant, the term "recess" was amended to "mounting recess" for consistency.
- Claim 82 is amended to depend from claim 89 instead of claim 1.
- Claim 88 is amended to provide the proper antecedent basis for the "inset portion".
- Claim 94 is amended to provide the proper antecedent basis for the "projection".
- Claim 43 is amended to clarify that the "opening" is the "vent opening" of claim 42.
- Claim 27 is amended to depend from claim 95 to provide the proper antecedent basis for the peripheral walls.

It is respectfully submitted that the amendments to the claims do not introduce any new matter into the application. Reexamination and reconsideration of the application is respectfully requested.

The current amendments leave only allowed claims or indicated allowable claims in the application. The amendments address the basis for the claim objections, the claim rejections under 35 USC § 112, and the claim rejections under 35 USC § 102/103. For example, claim 89, which is the base claim for all of the claims rejected under 35 USC § 102/103, is amended to be claim 8 in independent form. Since claim 8 was indicated as allowable if rewritten in independent form, it follows that claim 89 and all of the corresponding dependent claims are allowable.

Therefore, it is respectfully submitted that all of the claims remaining in the application are allowable over the prior art of record. Early notification of allowability is respectfully requested.

Please contact the undersigned attorney if there are any questions regarding this matter.

Respectfully submitted,
